530ILN Portrait Engine with 531CSB President Freestanding Stove (shown with Log Set and Red Brick)

Crafted with detail and inspired by classic design, the President Freestanding Stove is perfect for upgrading traditional spaces. Projecting a mere 13" inches into the room, the President leaves plenty of space for additional home styling and décor. Capable of both top and rear vent applications, the President shows great freestanding as well as tight against an exterior wall. Solid cast iron encases a proven Valor Portrait engine, assured to provide warmth and comfort for many years to come.

\*\* EnerGuide Ratings and Outputs have been determined without a fan/blower, using the CSA P4.1-02 test method  
\*\* A.F.U.E. (Annual Fuel Use Efficiency) tested as per 10CFR - 430.23  
Certified to ANSI Z21.88 / CSA 2.33 Vented Gas Fireplace Heater Standard  
CAN 1-2. 17 Gas Fired Appliances For Use at High Altitude

## PRODUCT DIMENSIONS

### ABOUT OUR EFFICIENCY RATINGS

At Valor we use recognized Canadian and US government test methods for determining energy efficiency performance. This ensures our products will perform in your home as rated. Beware of misleading "steady state" efficiency claims made by manufacturers using their own "in-house" test methods.
