

Horizon Series

...a fireplace worth coming home to

Introducing great new looks for the Valor Horizon Series gas fireplaces.

The new Contemporary Cast front will work with almost any décor. Sleek and durable, the cast-iron front lives up to the reputation for quality that Valor has earned over the last 100 years.

The handcrafted wrought-iron Alhambra doors are finished with a rich bronze powder coat paint for durability. Guaranteed to be a conversation piece in your home for years to come.

To compliment Valor's most recent additions to the Horizon Series we now offer 2 optional Jurastone surround kits. Solid Marble and a 7-coat paint process ensures the kind of quality you expect from your Valor gas fireplace.

ValorStat™ plus

This unique programmable remote lets you control your fireplace in 3 ways.

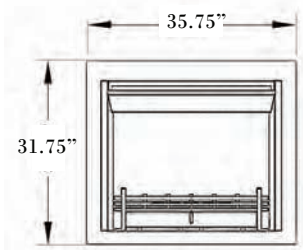

- 1 Manually adjust your flame height up or down.
- 2 Set a time and temperature to turn your fireplaces on & off. Let it wake up before you do!
- 3 Use the automatic mode to adjust your fire up or down to maintain the room temperature that you set.
